

# CITRUS SOLVENT

## Citrus Solvent

Vegetable-based, extracted from citrus peel

Citrus Solvent, extracted from citrus peel, dissolves and dilutes most oils, resins, waxes and oil-based paints, such as Tung Oil and Linseed Oil. It dewaxes wood, cleans surfaces and tools used to apply oil finishes. Free from petroleum products, it is an eco-friendly alternative to turpentine and paint thinner.

Drying Time	24 to 72 hours
Available Sizes	946 ml
Applications	Interior: Ideal for diluting Tung Oil and Linseed Oil.
Compatibility	Can be used with: Tung Oil, Linseed Oil, Hemp Oil, Brio, Uno, Secondo, Secondo Mono, Secondo Cera, Secondo Fast, Tavolo, Pareo. Dissolves and dilutes most oils, resins, waxes, and oil-based paints. Always perform a preliminary test beforehand.
Composition	D-Limonene (98%) and water (2%).
COV	840 g/L
Origin	USA, Brazil
Disposal of accessories and residues	Wipe off any liquid residue before recycling this container. Consult your municipality for proper disposal of any remaining product.
Storage and Shelf Life	Keep the product in a sealed container at a temperature between 10°C and 25°C for storage. Under these conditions, the product will maintain its quality for at least 5 years.
Guarantee	Guarantee: Prato-Verde guarantees the quality of its products. They conform to the description provided in the technical data sheets and on the labels suitable for the intended use, in accordance with the instructions written by the company. However, since the manufacturer has no control over the circumstances, methods, and conditions of use, this guarantee only covers the high quality of Prato-Verde products.

### Technical Specifications Preparation

#### TO DILUTE OILS:

For pure and non-polymerized TUNG OIL: add 50% Citrus Solvent for the first two coats.  
For double-boiled LINSEED OIL: add 30% Citrus Solvent.

### Technical Specifications application

#### TO REMOVE WAX FROM WOOD:

1. Using citrus solvent and a #00 steel wool or green abrasive pad, rub in the direction of the wood grain to dissolve the wax.
2. Remove residues with a POLYCOTTON RAG.
3. Repeat if necessary.

### WARNINGS

CONTENTS HARMFUL  
DANGEROUS FUMES FORM WHEN MIXED WITH OTHER PRODUCTS.  
MAY IRRITATE SKIN.

Do not mix with other household chemicals. Do not swallow. Do not breathe fumes. Do not get on skin or clothing. Keep out of reach of children. Use only in a well-ventilated area. Keep away from flames or sparks. Close after each use.
